Subject: Driver Runs

Below is the updated local deliveries on our BJE trucks, please ensure our customers know when we will be making deliveries based on the schedule below.

If the customer needs a delivery to be made to a side of town our trucks are not scheduled to run that way, please specify Power Express as we are not always sure if our trucks can make the special run outside of the norm.

When it comes to the beginning of the month and we have stock orders to go out for some of our customers like Tiger and Lexand, Steve and Alana are using all 4 of our trucks to get deliveries out so there is limited interruption in our service.

Al

East run – leave approx. 8:30. Return between 10:30 – 11:00
