BUILDING SCIENCE INSTITUTE

Quality Council Member Affirmation

I affirm that:

I must act collaboratively with the US EPA ENERGY STAR® New Homes team, Building Science Institute, Building Science Institute Quality Council members, and Building Science Institute clients to maintain the integrity of the ENERGY STAR New Homes certification program and the Building Science Institute's residential energy efficiency Quality Management program's policies, processes, and procedures.

I have the responsibility to safeguard the impartiality and integrity of the Building Science Institute's ENERGY STAR Home Certification Organization program in conformance with Building Science Institute Policies 05-2021 Conflicts of Interest, 06-2021 Impartiality & Objectivity, and 09-2021 General Requirements for Verification Organizations.

I have the authority to review and approve the Building Science Institute policies, processes, procedures, and actions related to the ENERGY STAR Home Certification Organization program operated by the Building Science Institute.

I have the right to receive all information from the Building Science Institute necessary to perform these functions.

I have the responsibility to independently inform the US EPA ENERGY STAR New Homes team if the Building Science Institute fails to implement the Quality Council's recommendations governed by this Charter and Building Science Institute Policy 01-2021 Quality Council.

The Dillon Group, Inc. and its subsidiary, Building Science Institute, Ltd. Co., assumes 100% of the liability for implementation of recommendations made by the Building Science Institute Quality Council within the scope of the Quality Council Charter and Policy 01-2021.
